

ECO-Systems Thanks the Following School Districts for Voluntarily Lowering Harmful Exhaust Emissions and Lowering Maintenance Costs for their Districts.

Thanks for Helping our Children Breathe Easier.

Southwest Independent School District	--	San Antonio, Texas
Harlandale Independent School District	--	San Antonio, Texas
NorthEast Independent School District	--	San Antonio, Texas
East Central Independent School District	--	San Antonio, Texas
San Antonio Independent School District	--	San Antonio, Texas
Edgewood Independent School District	--	San Antonio, Texas
Judson Independent School District	--	Converse, Texas
Victoria Independent School District	--	Victoria, Texas
San Marcos Independent School District	--	San Marcos, Texas
Eanes Independent School District	--	Austin, Texas
Kingsville Independent School District	--	Kingsville, Texas
Mercedes Independent School District	--	Mercedes, Texas
Boerne Independent School District	--	Boerne, Texas
Lake Travis Independent School District	--	Austin, Texas
Eagle Pass Independent School District	--	Eagle Pass, Texas
Kerrville Independent School District	--	Kerrville, Texas
Mission Independent School District	--	Mission, Texas
Zapata Independent School District	--	Zapata, Texas
George West Independent School District	--	George West, Texas
Bandera Independent School District	--	Bandera, Texas
Brooks County Independent School District	--	Falfurrias, Texas
Mathis Independent School District	--	Mathis, Texas

Skidmore-Tivy Independent School District --
Taft Independent School District --
Goliad Independent School District --

Skidmore, Texas
Taft, Texas
Goliad, Texas

ECO-Systems has helped to reduce harmful PARTICULATE EXHAUST from School buses which is a major contributor towards Asthma Attacks on children and now proven to be a Cancer Causing Risk as reported by the American Lung Association.

An advertisement for the American Lung Association, California chapter, consisting of three panels. Each panel features a circular graphic with text and the organization's logo and website. The first panel shows a close-up of a person's face with a circular graphic containing the text: "DIESEL EXHAUST CONTRIBUTES TO BRONCHITIS, ASTHMA ATTACKS AND LUNG CANCER. THERE'S EVEN MORE YOU SHOULD KNOW ABOUT DIESEL". The second panel shows two smiling women with a circular graphic containing the text: "THE DIESEL EXHAUST INSIDE A SCHOOL BUS CONTAINS MORE THAN 40 TOXIC SUBSTANCES. THERE'S EVEN MORE YOU SHOULD KNOW ABOUT DIESEL". The third panel shows a traffic jam with a circular graphic containing the text: "70% OF CANCER RISK FROM TOXIC AIR CONTAMINANTS COMES FROM DIESEL EXHAUST. THERE'S EVEN MORE YOU SHOULD KNOW ABOUT DIESEL". All panels include the text "800-LUNG-USA" and "www.californialung.org" along with the American Lung Association logo.

DIESEL EXHAUST CONTRIBUTES TO BRONCHITIS, ASTHMA ATTACKS AND LUNG CANCER.
THERE'S EVEN MORE YOU SHOULD KNOW ABOUT DIESEL
